SUBJECT: Rule Changes Effective April 6, 2015
Rule 64B8-9.009, F.A.C. & Rule 64B15-14.007, F.A.C.

Recently, the Joint Boards of Medicine and Osteopathic Medicine Office Surgery Subcommittee made certain changes to Rule 64B8-9.009, F.A.C. (Medical version) and Rule 64B15-14.007, F.A.C. (Osteopathic version).

The Committee determined that the rule regarding the standard of care for office surgery needed updating to:

- Clarify the various levels of office surgery
- Update anesthesia monitoring guidelines
- Clarify training requirements
- Clarify and update required equipment and supplies

The rules are included in this mail-out for your reference, but can also be found at <https://www.flrules.org/>.
